For Aksigorta, which has targeted to add plus value to the society by realizing many awareness rising and education projects since the very date of its establishment, Social Responsibility is one of the most important constituents of the corporate culture.

In cooperation with AKUT, the Search and Rescue Society, which is one of the most efficient non-governmental organizations of Turkey in the field of natural disasters and search and rescue operations, Aksigorta launched in 2010 the project called “Hayata Devam Türkiye” [Keep Living Turkey] which is a traveling educational project comprising Turkey’s first 3G-Force Earthquake Simulator which travels all over Turkey with the aim of creating and raising awareness of natural disasters. The project, which aims at creating and raising the awareness of Turkish people about the insurance and has been planned to last 5 years, was completed the fifth and the last step in 2014. The project “Keep Living Turkey” visited 52 provinces and 174 sub-provinces and met 5.4 million people in five years. During this valuable project; 60 thousand kilometres were driven, 700 thousand students were educated, 1 million 400 thousand people were informed with the simultaneous studies on the social media.

Apart from the project “Keep Living Turkey”, another project of Aksigorta is YADEM, the Fire and Earthquake Education Center. YADEM, which has been built with the support of the late Sakıp Sabancı entirely with the Turkish technology and which is a rare example of its kind in the world, was established in 1996, before the Marmara Earthquake in 1999. In the center, which has the “best” quality according to the level of technology in those years, the fire and earthquake simulators built on advanced technology are introduced to the children as a first application of its kind. Aksigorta donated YADEM, where 15,000 children at age 7-14 receive training by means of simulations each year, to the Science Center of Şişli Municipality in 2006 to offer the services of the center to a wider public. After the termination of Science Center of Şişli Municipality in 2015 YADEM was donated to Science Center of İstanbul Technical University.

While carrying its long-standing past to future, Aksigorta believes that its responsibility is great. Thinking that the priority is to realize sustainable projects which will cultivate risk awareness in education and society, Aksigorta has placed its current projects in this field, the essence of which is education, on a long-term platform.
